CHARTS · MAP AND PIECHART KEYS

A chart key sizes its value column to what it holds

FIELD OFFICES · 2026

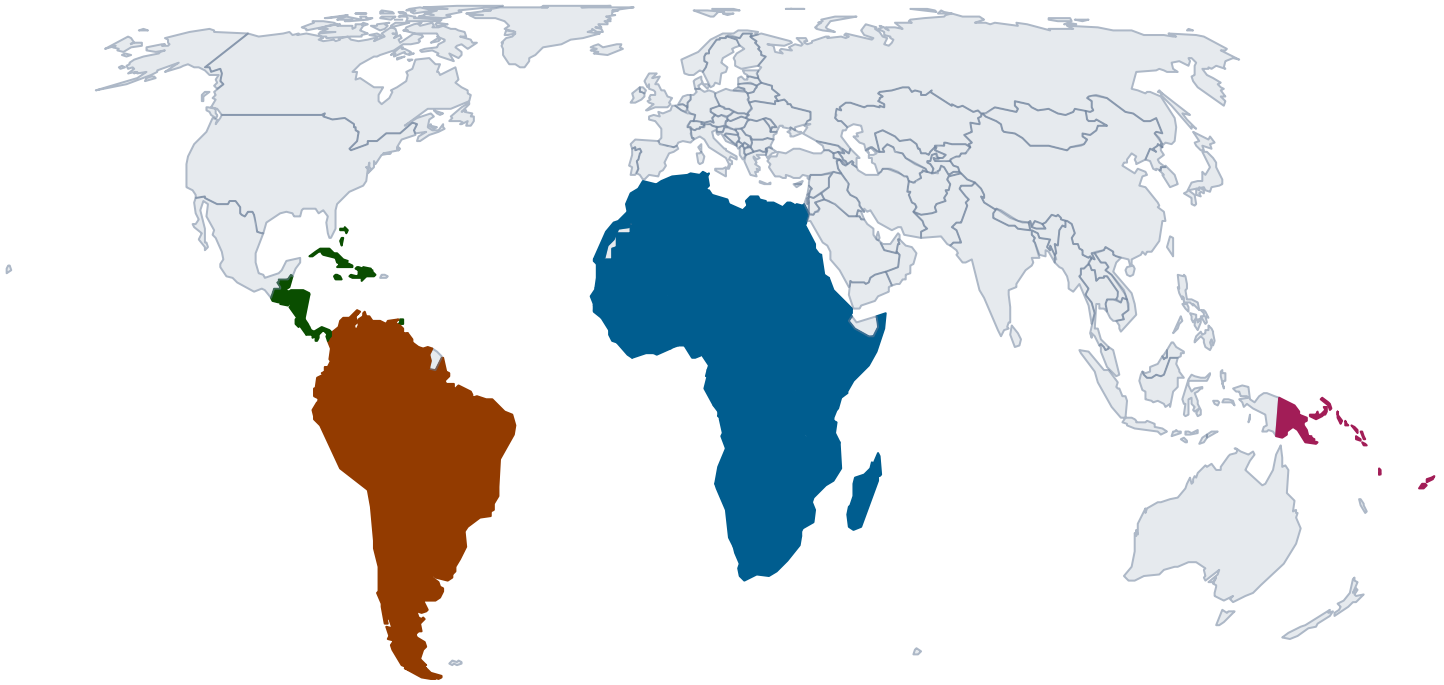

Each office names its region in the key.

— Each region sets on one line; the column grew to fit "Latin America".

GLOBAL SOUTH · BY CONTINENT

A long region name wraps inside its own column.

Global South — Africa — **Africa**

Global South — South America — **South America**

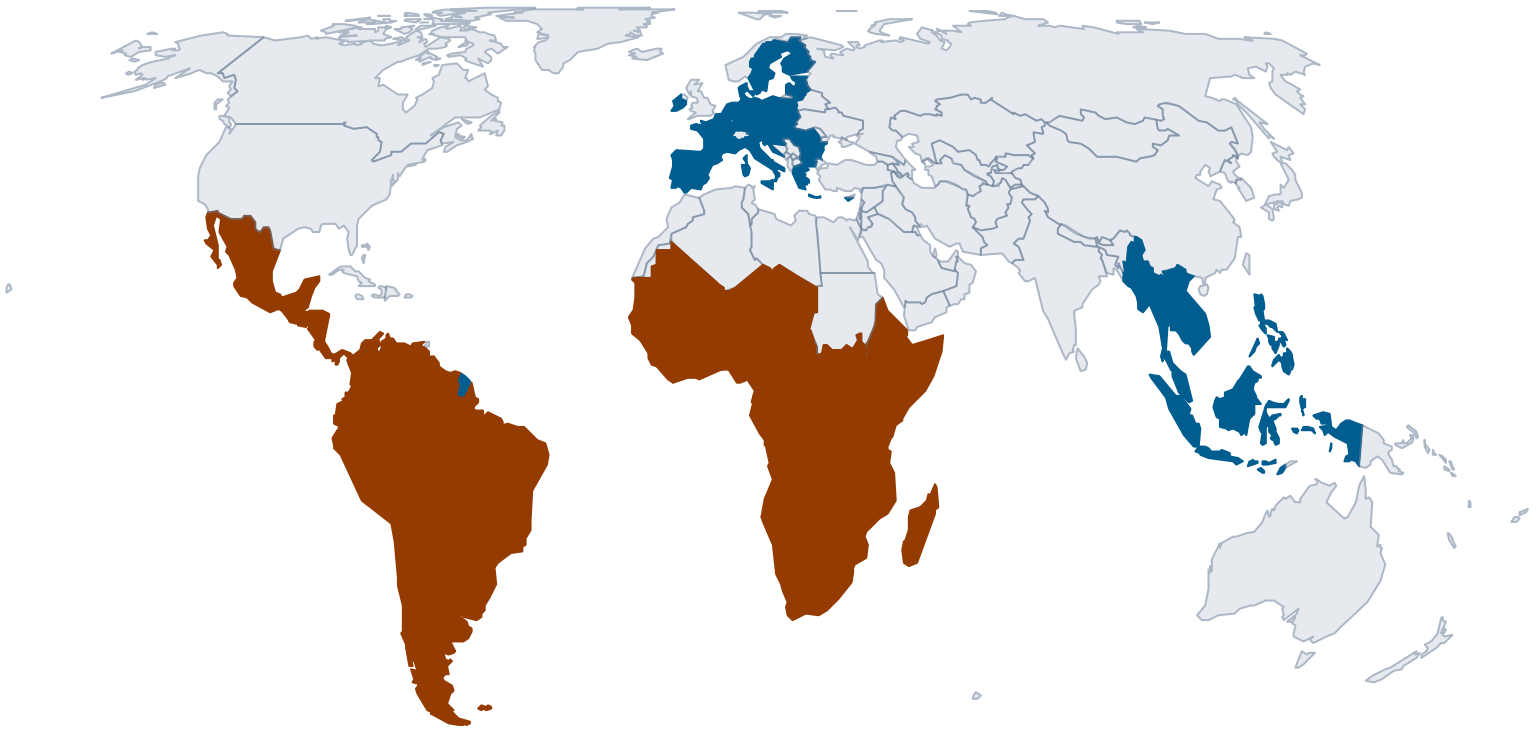

Global South — North America — **Caribbean / Central America**

Global South — Oceania — **Pacific**

— Before: "Caribbean / Central America" printed across "Global South — North America".

PARTNER TIERS · 2026

A short tag keeps its line.

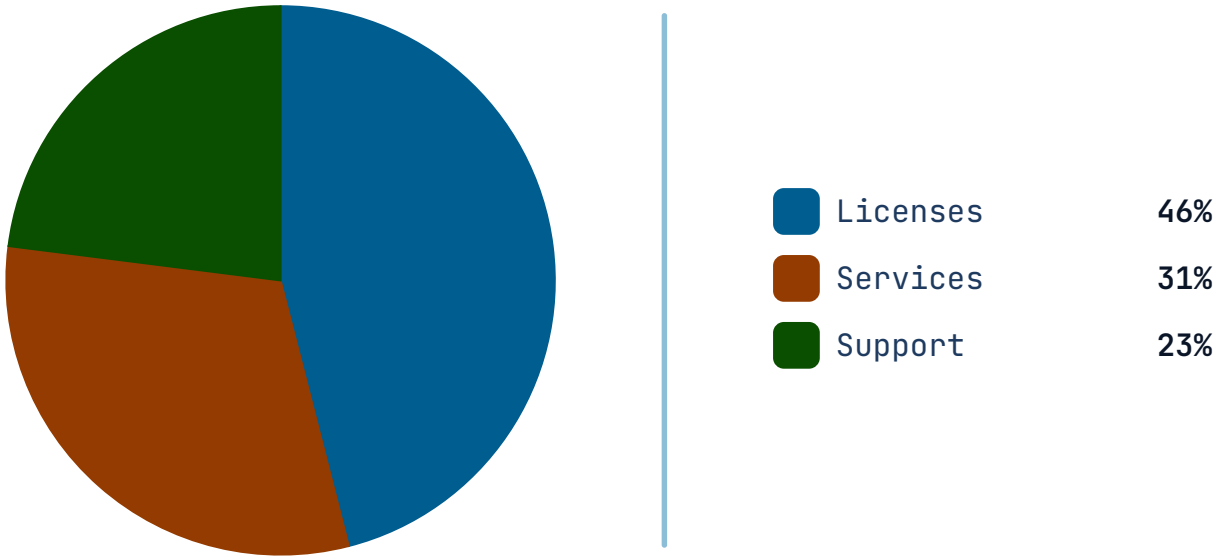

Groups	
European Union	Tier 1
ASEAN	Tier 1
Sub-Saharan Africa	Tier 2
Latin America	Tier 2

A key's value column fits its values

REVENUE MIX · FY26

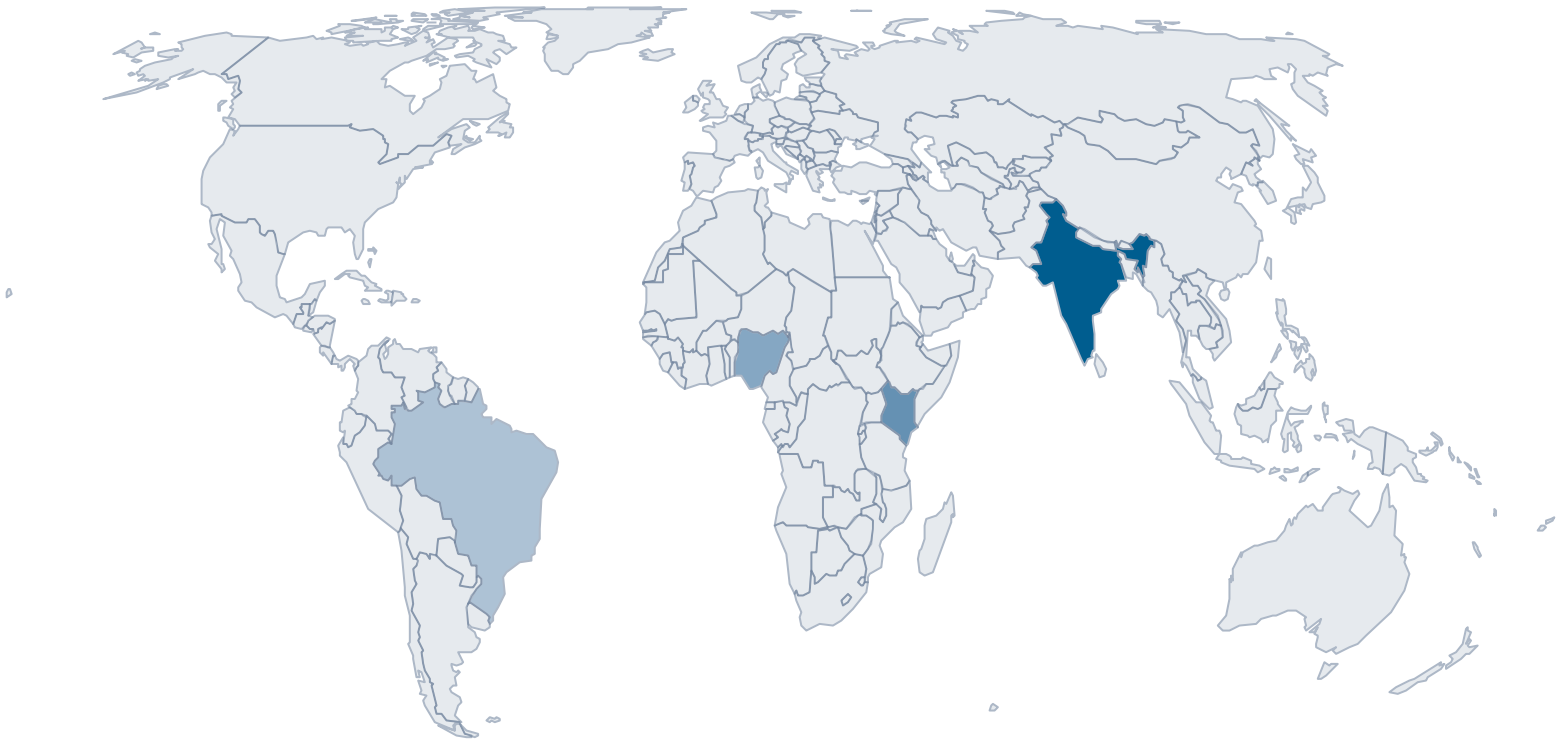

A numeric key is unchanged.

— Values of five characters or fewer keep the old column, so this key renders as it did.

PROGRAM REACH · 2026

A choropleth's numbers keep their column too.

India	58
Kenya	42
Nigeria	35
Brazil	27
