

12 COMPONENTS

# inventory

Inventory — parallel sets of related items.

# The actors ledger names who owns what.

**Owns one row**

Each actor

A verb-first responsibility, twelve words at most.

**Reads top to bottom**

The ledger

Order carries seniority or sequence.

**Answers by name**

The role chip

The inline code names the seat.

**Stops at six rows**

This layout

Past six, reach for list-tabular.

# The agenda numbers the deck's stops and pages.

---

- 01 One line per stop, ten words max p.2

---
- 02 Page references ride as inline code p.5

---
- 03 Six stops is the soft ceiling p.9

---
- 04 The progress variants mark the current stop p.14

---
- 05 Markers come as circles, rail, cards, checks p.18

---
- 06 Past six stops, split the agenda p.22

---

# A cards grid gives equal weight to peers.

---

## **Parallel titles.**

Noun phrases of similar weight, never mixed.

## **Short bodies.**

One clause each; a long card collapses the grid.

## **Rank order.**

Left to right reads strongest first.

## **Four cards.**

The hard ceiling; five means a new slide.

# The stack ranks three cards top to bottom.

---

## **Order is the argument.**

The stack reads as priority; the top card wins.

## **Three is the sweet spot.**

Bodies run a short paragraph at most.

## **Sixteen words per card.**

The budget that keeps rows breathing.

# The checklist tracks readiness in six answers.

---

✓ Done rows take a solid check

— Half-done rows show the dash

✕ Failed rows take the red cross

⊙ Unsettled rows ring a question mark

○ Open rows stay an empty ring

⧻ Descoped rows get the slash

# Glossary

| TERM        | DEFINITION                                                      |
|-------------|-----------------------------------------------------------------|
| Component   | A slide layout with a manifest, styles, and docs.               |
| Variant     | A named modifier that changes one layout decision.              |
| Modifier    | A universal class — dark, compact, accent — any layout accepts. |
| Stress test | The slide that shows a layout's upper limit.                    |

# The inventory lists a system's parts.

---

## 01 One part per row.

A name and one clause of body.

---

## 02 Four parts reads best.

Five fits; six is the hard stop.

---

## 03 Bodies stay clauses.

Fourteen words soft, twenty-two hard.

---

## 04 Looks reskin the list.

cards, timeline, editorial change form, not content.

# The list states one point per line.

---

A line is a complete statement, not a fragment.

Fourteen words is the budget a line may spend.

Six lines fill the canvas comfortably.

Parallel openings keep the scan honest.

Nesting belongs to card layouts, not here.

# The tabular list rules rows into a register.

---

|    |            |                                    |                            |
|----|------------|------------------------------------|----------------------------|
| 01 | Rows       | Label, clause, optional meta line. | TWELVE SOFT · SIXTEEN HARD |
| 02 | Looks      | Eight named looks reskin the rows. | DEF · SPEC · REGISTER      |
| 03 | Escalation | Long content leaves for a table.   | SPLIT PAST SEVEN ROWS      |

# The logo wall seats the marks with captions.

|                                                                                                                                                |                                                                                                                                                 |                                                                                                                                                      |                                                                                                                                                  |

# The Q&A pairs questions with short answers.

---

## 01 How long may a question run?

One line.

## 02 And the answer?

Four words or so.

## 03 How many pairs fit?

Five; six is the ceiling.

## 04 What if answers run long?

Use solo, one per slide.

# The team profile seats each face over a name, a role, and one line.
