CHARTS · ROADMAP · FINISHES

A roadmap's status discs now quiet down with the rest of the chart

Under etch and tone, every status mark in a finish takes one level. The roadmap was the last status chart that did not.

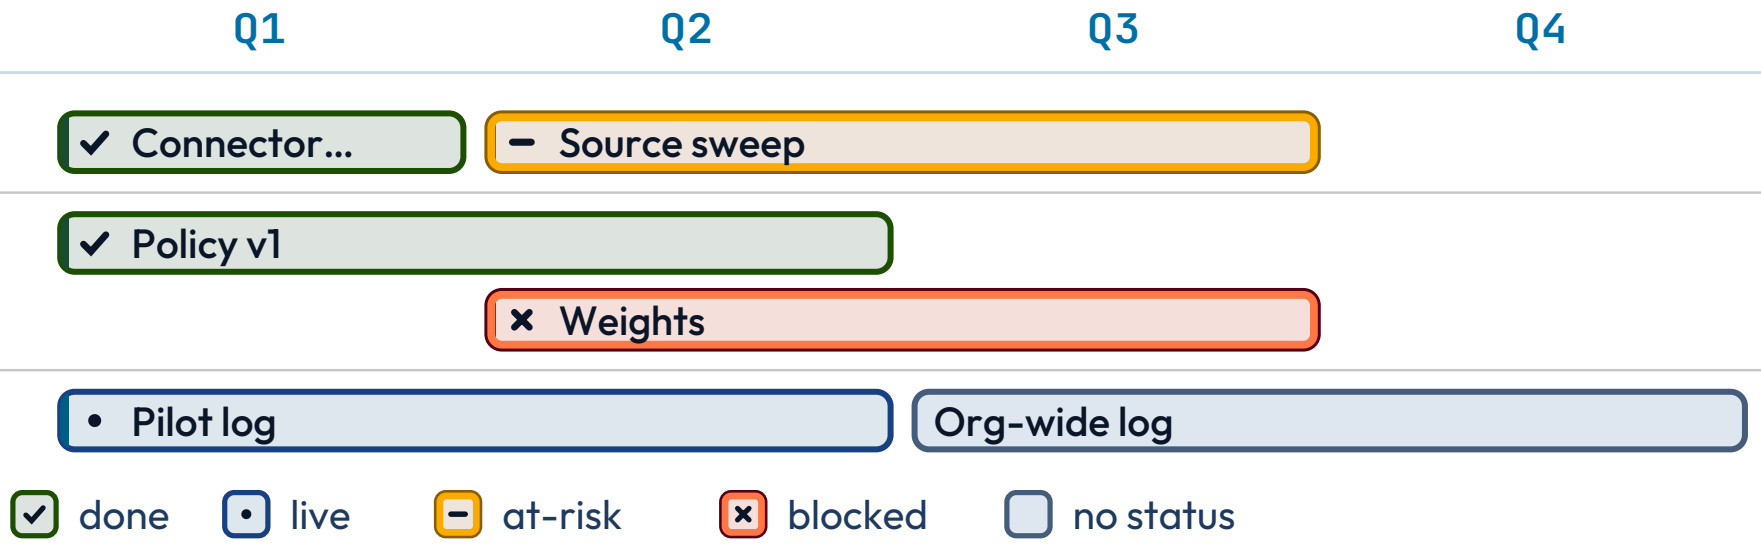

ETCH · ROADMAP

Etch draws each status as a wash with a colored edge.

WORKSTREAM	FOUNDATION Q2 2026	HARDENING Q3 2026	SCALE Q4 2026
Signal Intake	✓ Connector v1	− Dedupe pass	? Auto-routing
Scoring	✓ Equal weights	− Per-team weights	○ Decision profiles
Decision Log	✓ Append schema	× Outcome pairing	~~Auditor export~~

✓ Shipped − In flight × Missed ? Uncertain ○ Planned ~~ Out of scope

The same plan as a gantt, at the same status level

TONE · ROADMAP

Tone keeps each status hue, at one quiet step.

✓ Shipped − In flight × Missed ? Uncertain ○ Planned ⁄ Out of scope

tone · the discs take tone's status step, the same as a tone gantt bar

ETCH · ROADMAP STATUS

Delivery state reads from the ground, not the disc.

TONE · ROADMAP · DARK

On a dark slide, the discs stand off the navy at one step.

Shipped · In flight · Missed · Uncertain · Planned · Out of scope

tone · dark · the dark ladder's status step, mixed toward the slide

PIGMENT · ROADMAP

The default finish keeps its solid discs.
