Q3 Board Review

Take the deck with you.

Every slide, the appendix, and the workbook — before you go.

Scan to open

REVENUE MODEL

The full build is in the workbook.

Every line on the prior slide traces to a driver you can open — pricing, seat expansion, net revenue retention — three scenarios off one shared set of assumptions.

Next step

Begin the pilot.

Scan to begin

Wi-Fi

Get on the network.

The room password is on the table tents — or just scan.

Scan to connect

FIELD NOTES

Read the full write-up.

A code needn't be a URL — force any string with the `qr` key. This one carries a short memo the audience can pocket and read later.
