Callouts · journey and risk-matrix

Notes pin to the task or the risk they name

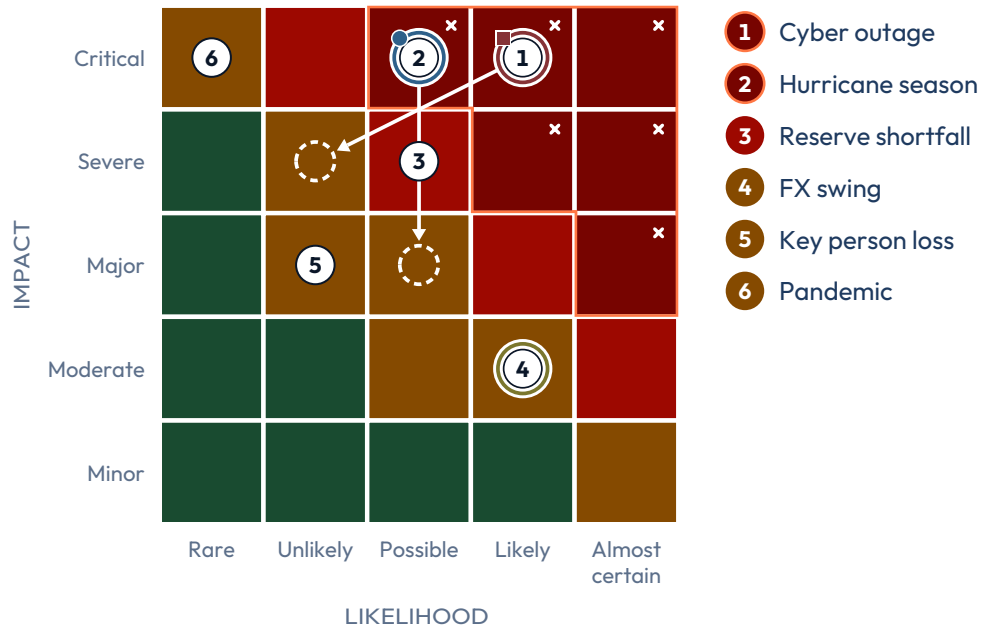

A journey's task chip is ringed and the notes read in a list under the board; a risk's marker is ringed on the grid. Render this deck at 16:9, 4:3, 1:1, 4:5 and 9:16.

The journey scores each stage of the path.

Enterprise risk register · Q4 2026

Cyber and hurricane risk sit in the red; both have a plan.

1 Reinsurance caps the loss

2 Plan cuts likelihood to unlikely

3 Unhedged since March
