Feature demo · the cards: register

Sparse cards now size to their text.

list-steps, compare-prose and cards-stack horizontal join the register.

The default row now centers short steps.

STEP 01

Draft

One clause.

STEP 02

Review

One clause.

STEP 03

Ship

One clause.

Phase cards stop carrying empty space.

PHASE 01

Discover

Interview ten buyers.

PHASE 02

Define

Write the one-page brief.

PHASE 03

Deliver

Ship the pilot.

A closing insight keeps the cards stretched.

STEP 01

Draft

One clause.

STEP 02

Review

One clause.

STEP 03

Ship

One clause.

KEY INSIGHT

The panel stays one step below the cards, so the row stretches when a coda follows.

One slide can still ask for the old stretch.

STEP 01

Draft

One clause.

STEP 02

Review

One clause.

STEP 03

Ship

One clause.

Two short panes sit at the height of their text.

BUILD IN HOUSE

Full control, slower start.

BUY A PLATFORM

Fast start, less control.

The chosen variant centers too.

KEEP THE OLD STACK

No migration cost.

MOVE TO THE NEW STACK

One migration, lower run cost.

A coda under the panes works the same way.

BUILD IN HOUSE

Full control, slower start.

BUY A PLATFORM

Fast start, less control.

KEY INSIGHT

We recommend buying: the pilot starts next month.

A horizontal stack reads the register.

Speed

Builds in seconds.

Safety

Every gate runs.

Scale

One engine, every surface.

A per-slide override pins the row to the top.

Speed

Builds in seconds.

Safety

Every gate runs.

Scale

One engine, every surface.
