Weekly reimbursement

We turned $200,000 into revolving working capital.

Help families

Rent assistance goes out first.

Get reimbursed

The County repays us weekly.

Help more families

The same dollars go back out.

The water cycle

Nothing is spent — only moved.

Evaporation

The sun lifts water into vapor.

Condensation

Vapor cools into cloud.

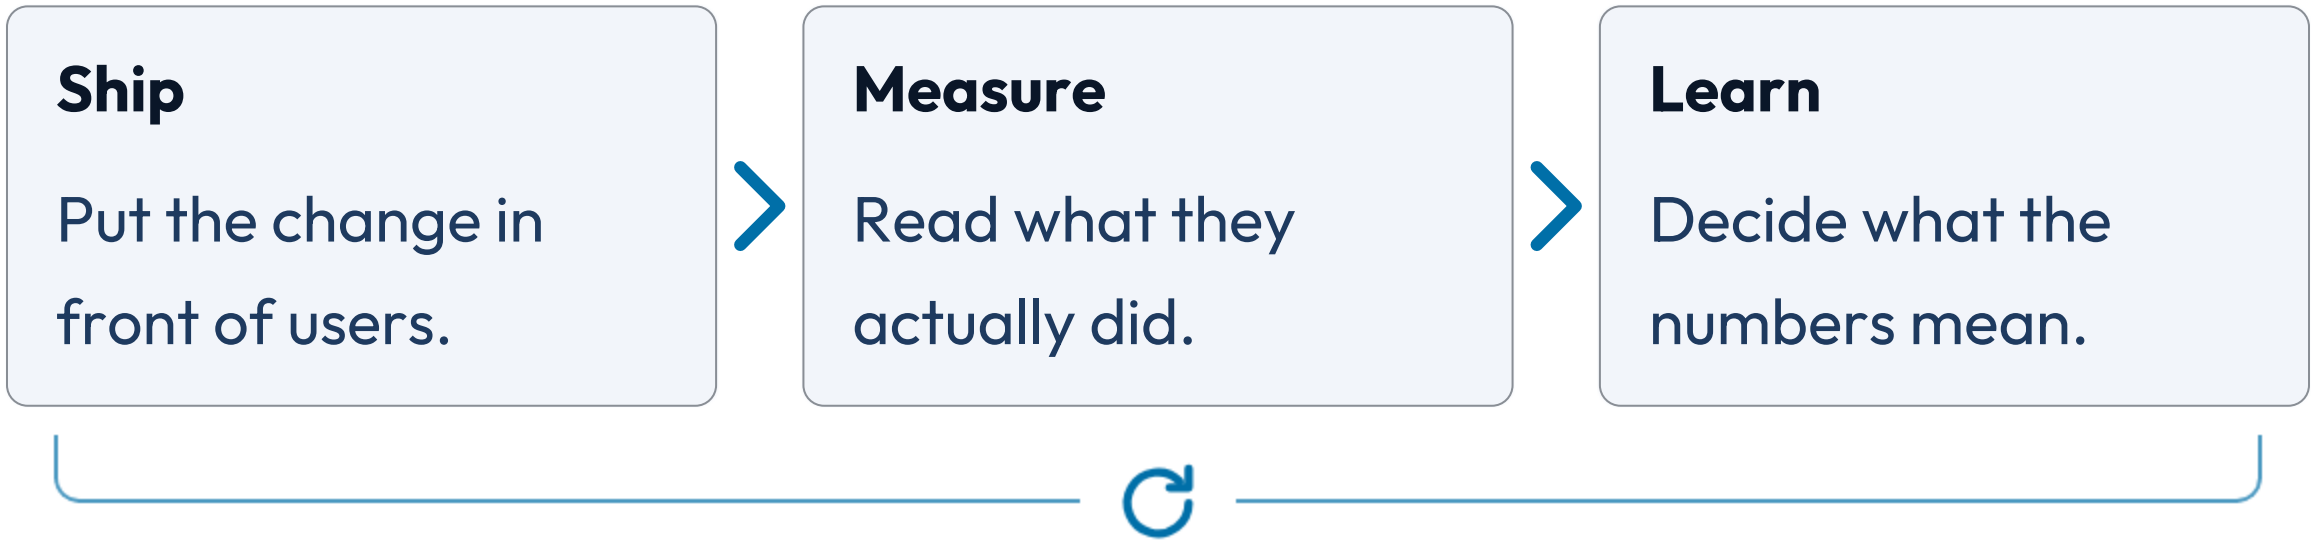

Precipitation

Rain returns it to the ground.

Product loop

Every release feeds the next one.

Longer stage names

A longer name narrows the cards, not the chevron.
