Status tags share the title's row

On a tall deck the status tag now sits at the end of its milestone's title row instead of on a line of its own.

Decision framework

How the framework arrived in production.

2024 Q3 — **First workshop**

The one where we agreed to agree on a definition of "signal."

2025 Q1 — **Framework approved** — decision

The steering committee accepts the scoring model.

2025 Q3 — **Pilot live** — live

Four product teams onboarded; the decision log opens.

2026 Q1 — **Operating rhythm** — live

The weekly review lands on every team's calendar.

chart · timeline-list

One tagged milestone among four.

Q1 **The first milestone**

One clause says what changed here.

Q2 **The second, marked** • decision

A tag names the milestone's kind.

Q3 **The third milestone**

Sixteen words is each entry's budget.

Q4 **The fourth milestone**

Four to six entries reads best.

The tag column takes width only when a milestone carries a tag.

chart · timeline-list

Untagged milestones keep the full row.

Q1 **Discovery closes**

Interviews end and the problem statement is signed.

Q2 **Design review**

The board picks one of three directions.

Q3 **Build starts**

Two squads begin on the chosen direction.

Q4 **First release**

The pilot cohort gets access.
