needs the room;

split into two slides.

No targets, no

If the KPIs carry only current values, the slide is a stats row, not a kpi dashboard.

trends.

Use stats and reclaim the room.

RELATED COMPONENTS

See also.

`stats` — metric row without targets or status pills

`big-number` — a single number is the whole argument

`split-panel` — one KPI with a paragraph of supporting prose

`progress` — completion percentages across parallel workstreams

`timeline-list` — milestones in time, not metrics at a moment
