

One line styles every photo card.

`image-card: top-right soft sm compact` sets this card, and every image slide after it.

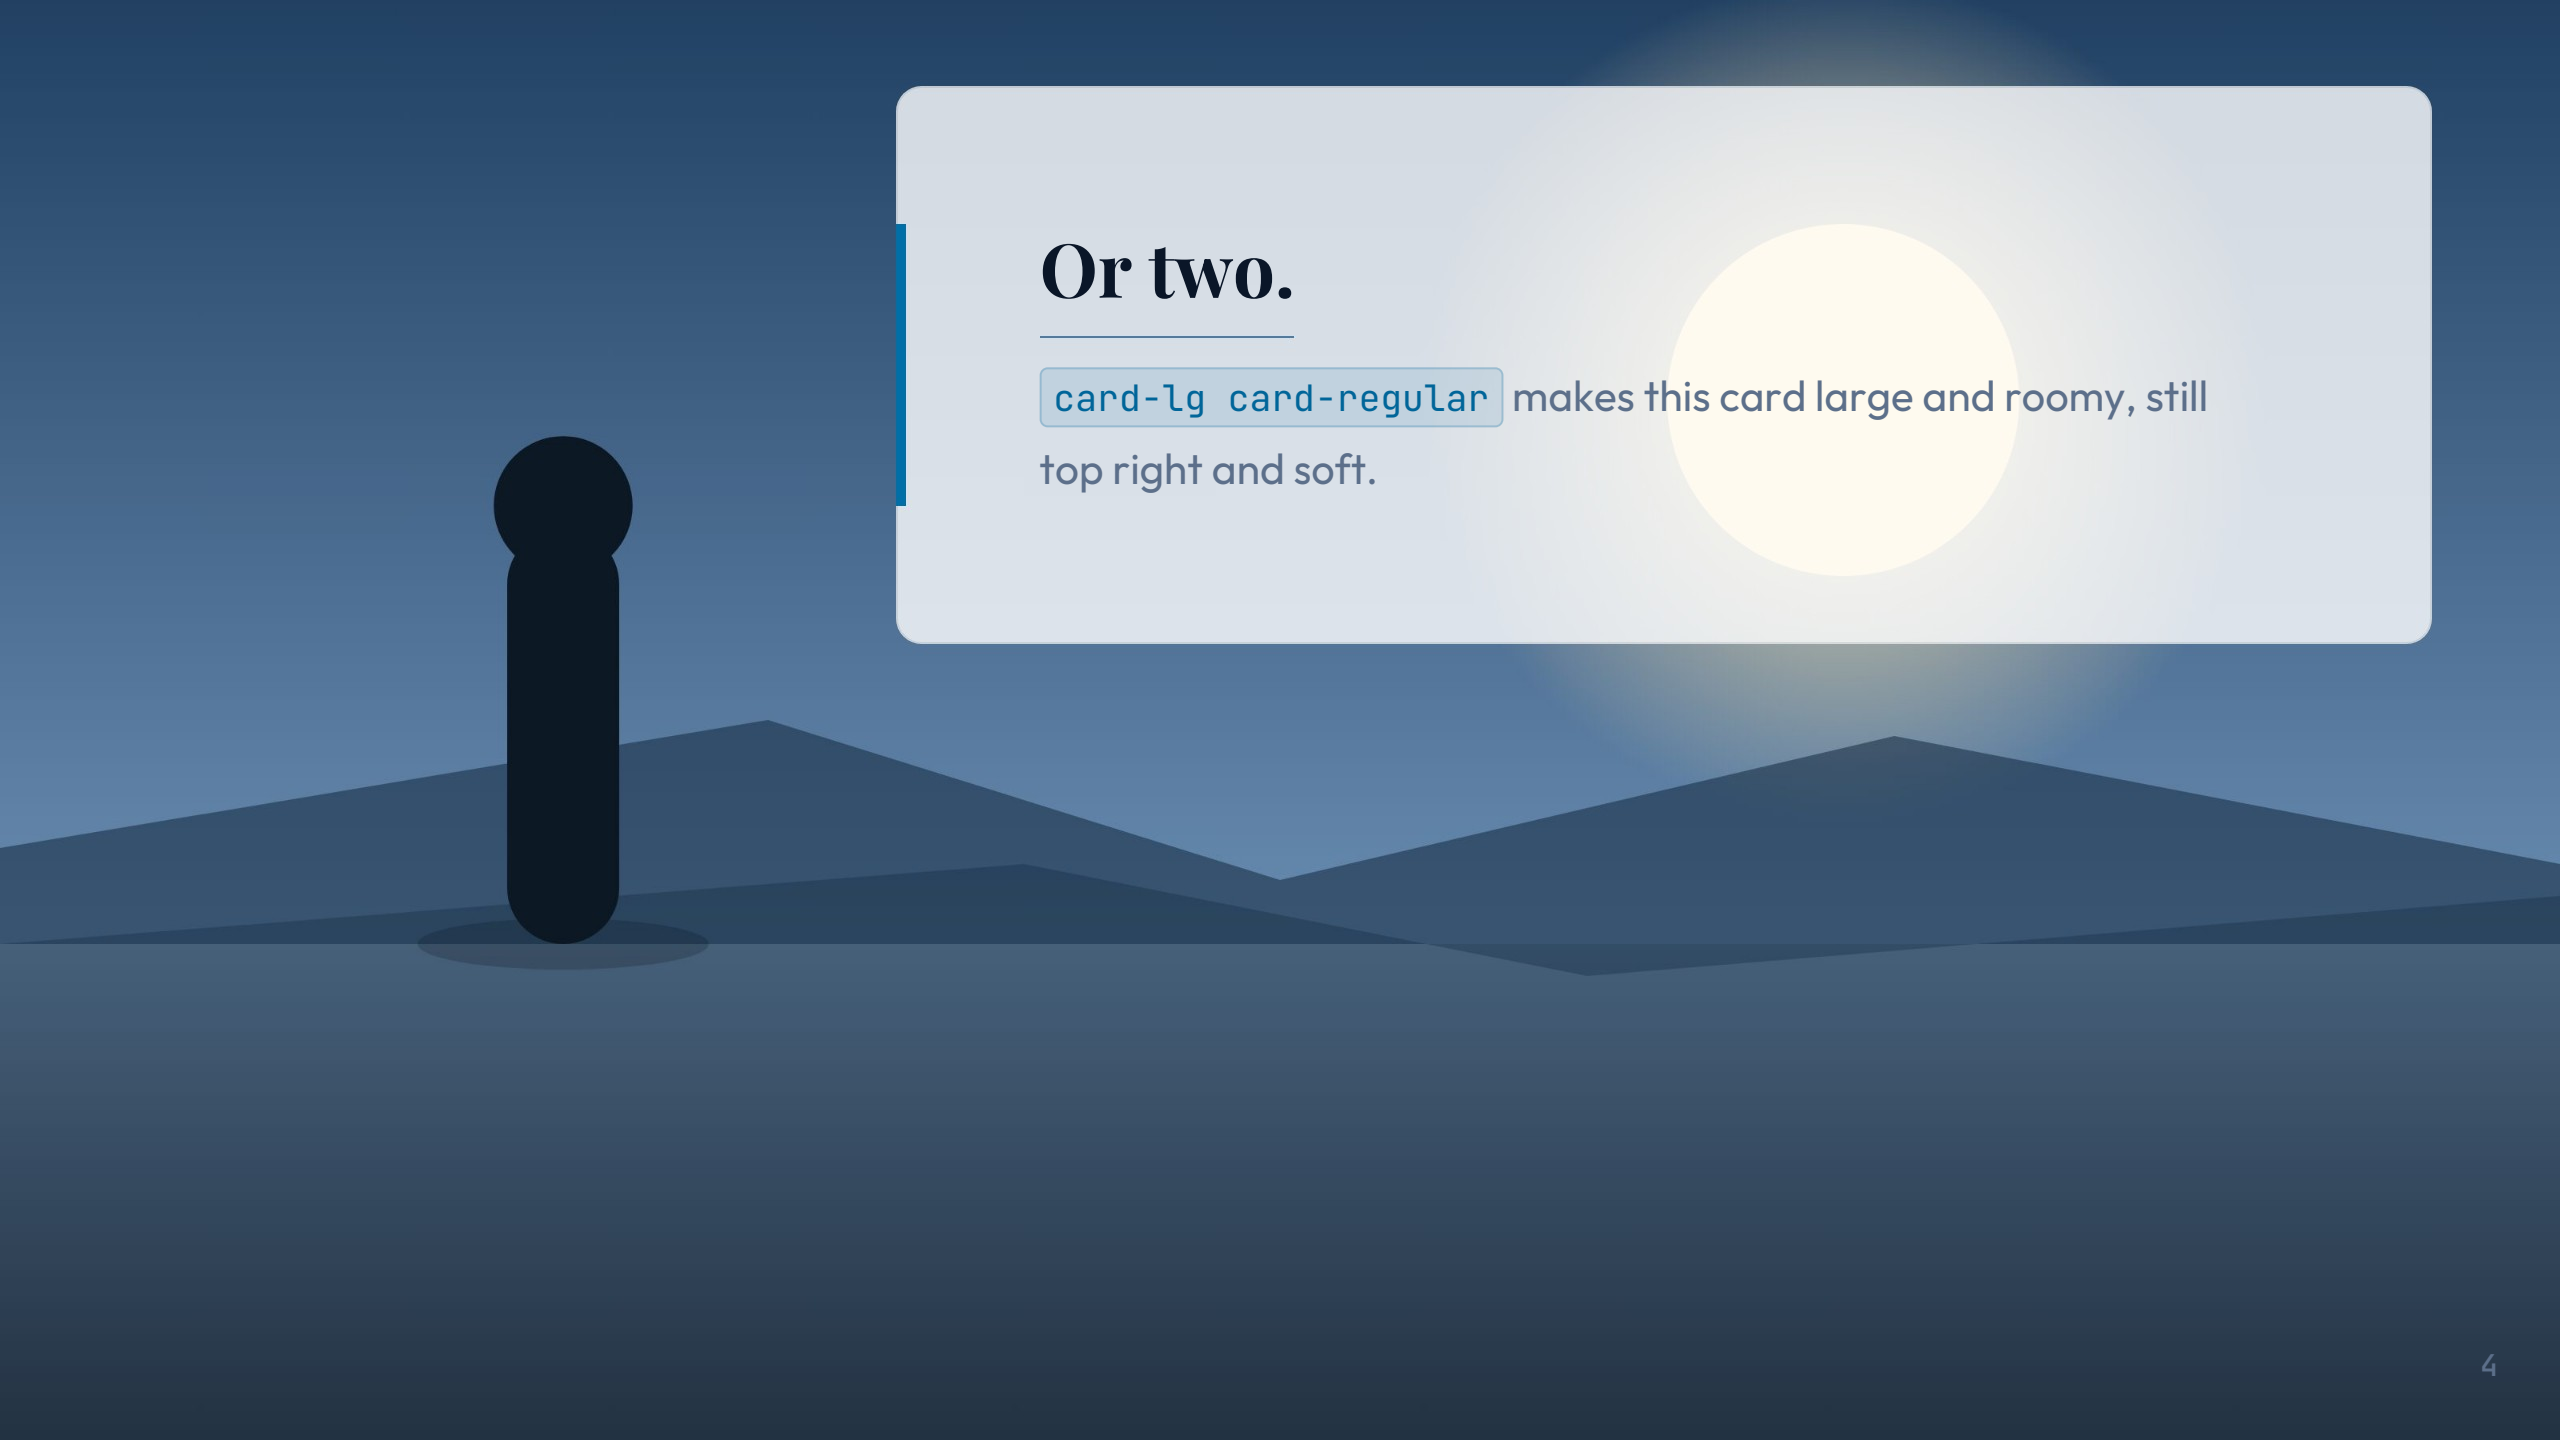

The statement scrim follows the same line.

Top right, at 80% strength, in the smaller type.

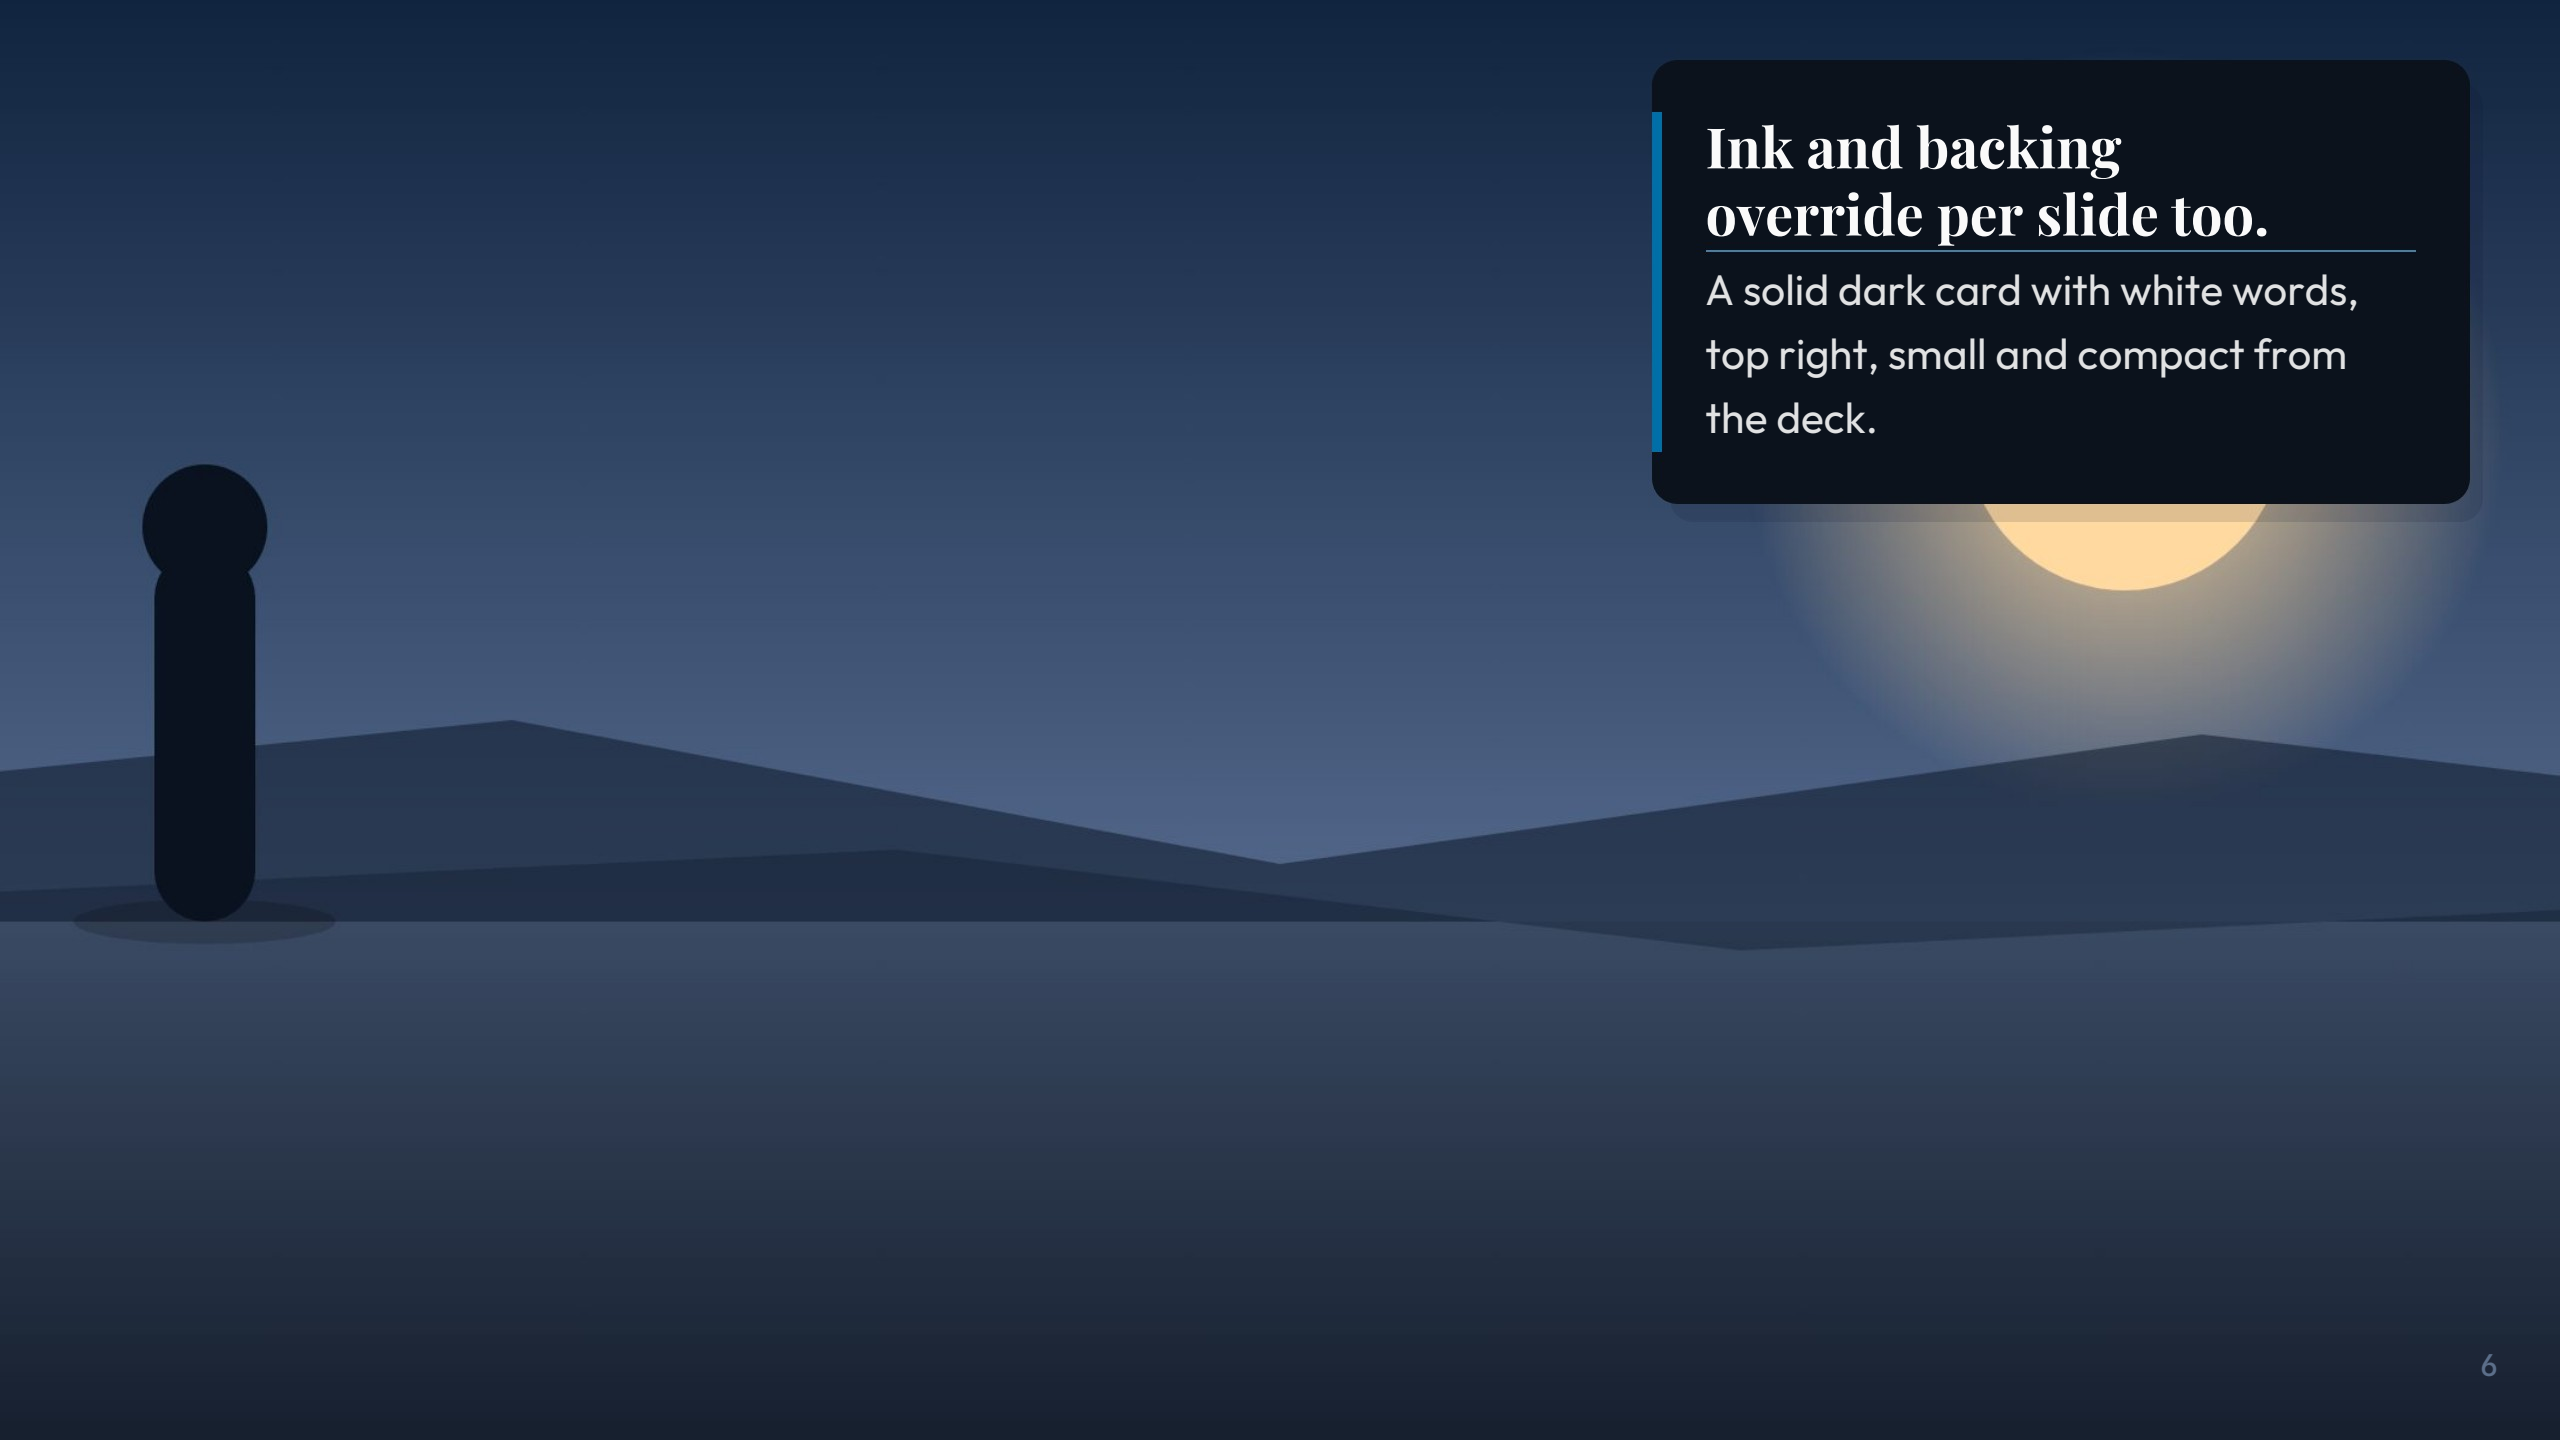

A slide moves one axis.

`at-bl` brings this card back to the bottom left; it stays soft, small and compact.

Or two.
card-lg card-regular makes this card large and roomy, still top right and soft.

Other slides are untouched.

This prose slide keeps its own bottom-left tint and its regular spacing: the deck's `top-right` and `compact` ride image slides only.

Ink and backing override per slide too.

A solid dark card with white words, top right, small and compact from the deck.
