A warning rail on every page

Cover →

A warning rail on every page

Cover

The rail runs down the left edge.

Body →

A warning rail on every page (cont.)

Body

So it does on each page after the cover.

Closing →

A warning rail on every page (cont.)

Closing

And on the page that ends the run.

Reference →

A warning rail on every page (cont.)

Reference

The tone is a color, not a class.

Second →

A warning rail on every page (cont.)

Second

Same rail, same width.

Third →

A warning rail on every page (cont.)

Third

No page loses it.

A failure rail on a decision

The reasoning →

A failure rail on a decision

Option A

Cost is low and the risk is high.

Option B →

Option B

Cost is high and the risk is low.

Option C →

Option C

Cost and risk sit in the middle.

A pass glow ring

Edge →

A pass glow ring

Edge

The glow is a ring on every side.

Page →

A pass glow ring (cont.)

Page

It reads the same on each page.

Run →

A pass glow ring (cont.)

Run

The cover matches the body.

Close →

A pass glow ring (cont.)

Close

So does the closing page.
