

SKETCH · LIST-TABULAR

*The ledger's frame hugs its rows*

## SIGNALS · A SHORT LEDGER

*Three rows sit inside the frame, not in the middle of it.*

---

|    |            |                                              |
|----|------------|----------------------------------------------|
| 01 | Confidence | Independent sources corroborating the signal |
| 02 | Recency    | Time-decay from the signal date              |
| 03 | Relevance  | Alignment to current strategic bets          |

SIGNALS · A FULL LEDGER

*Each row carries one rule, drawn by hand.*

|    |            |                                              |
|----|------------|----------------------------------------------|
| 01 | Confidence | Independent sources corroborating the signal |
| 02 | Recency    | Time-decay from the signal date              |
| 03 | Relevance  | Alignment to current strategic bets          |
| 04 | Reach      | Audience that saw the signal                 |
| 05 | Cost       | Effort to act on it                          |
| 06 | Risk       | What acting on it could break                |

COMPONENTS · STATUS

*The register keeps its pills inside the frame.*

|    |             |         |
|----|-------------|---------|
| 01 | cards-grid  | STABLE  |
| 02 | split-panel | STABLE  |
| 03 | radar       | BETA    |
| 04 | word-cloud  | PREVIEW |

QUARTER · HEADLINE NUMBERS

*The metric ledger keeps its values clear of the edge.*

|    |           |       |
|----|-----------|-------|
| 01 | Revenue   | \$26M |
| 02 | Margin    | 44%   |
| 03 | Headcount | 231   |

SKETCH FINISH · LIST-TABULAR

*One frame, one rule per row*
